

Tennis Class

The MAC's junior tennis program excels in both the quantity of players that go through our program and the quality that many of the players achieve by going on to play at Division I or II schools on scholarship. Over the last ten years, juniors in our tennis program, through private and group lessons, have received more than \$1 million in scholarships to attend Division I & II schools all over the country.

Our new U.S.T.A. program for young kids ages 4 to 10 is called QuickStart. The emphasis with this new program is reduced court size and net height, so kids start playing almost immediately. This new format has been scaled down to the size of the participants: smaller court size, lower nets, and racquets and balls age appropriate. Kids will now play to learn instead of learning to play! The MAC's junior classes then progress through our Intermediate levels of play according to age and ability. The MAC's Super Elite

Junior Program involves our top level classes for juniors who are committed to excellence. Emphasis will focus not only on stroke and match improvement, but also building

strength, quickness, and speed on the court with the guidance of personal trainers. Our Rookie Tour and Challenger Tour classes are for kids 8 to 18 years of age. These classes are for juniors who have a passion for tennis and are committed to excellence on the court.

Our Super Elite and Junior Elite classes are our top two competitive classes for junior players. Players 10 to 18 years old form the core of excellence, hard work, and effort that is expected from these two classes as they compete in district, regional, and national tournaments.

During the summer, The MAC offers one-week tennis camps to junior players for the eleven-week session. The tennis camps are based on the criteria, age and ability that our usual classes are throughout the year.

Fall Sessions:

August 31 - October 24

October 26 - December 19

Fall Youth Tennis Class Schedule

Classes	Age	Day(s)	Times	Member	Guest	POS#64002
