Your Comments Count

Not only do we strive to exceed your expectations, but we ask you and your family on a regular basis to give us your opinions. The overwhelming response has been:

- You would recommend Sparrow to others.
- You would choose Sparrow again.

Our pledge to you is to maintain this level of trust by offering quality, caring services when you need them.

We look forward to hearing your comments.

The Art of Healing
BECAUSE EVERY LIFE IS A MASTERPIECESM

Care You Can Trust

Sparrow Health System is a community governed, non-profit, comprehensive health system committed to improving the health of all people throughout the mid-Michigan area. Since its founding in 1896, Sparrow has been mid-Michigan's healthcare leader, providing quality, compassionate, cost-effective healthcare services to those in need, regardless of their ability to pay.

The Home Care Network

- Certified Services
- Regional Medical Supply
- Hospice Services

The Sparrow Home Care Network members work as a team to ensure an uninterrupted continuum of care for patients as they move from the hospital to varying stages of home care.

The Sparrow Home Care Network provides convenience by bringing these essential home care services together.

*Services available 24 hours a day,
7 days a week.*

"...quality requires the best people, the finest equipment, and a total commitment to service."

People Who Care

Our staff is carefully chosen to meet your needs. Comprehensive screening, training and support are provided to make sure that all staff are qualified and have state-of-the-art skills.

- Registered Nurses
- Home Health Aides
- Speech Therapists
- Medical Social Workers
- Physical Therapists
- Occupational Therapists

Meeting Your Needs

When you contact the Sparrow Home Care, we work with you to find your best healthcare options. We also give you an open and honest analysis of the cost involved in your care. You may be eligible for Medicare, Medicaid, private insurance, or other financing to cover the cost of your care. Or, if you choose, you may pay for services yourself. Whatever the situation, you can be confident that we will help you choose the most appropriate means of obtaining the services you need.

*Serving Ingham, Eaton and Clinton counties,
and portions of Shiawassee, Gratiot, Livingston
and Ionia counties.*

Disease Management

Sparrow Home Care offers a systematic approach to help you. Sparrow Home Care provides skilled nursing and/or therapy visits to assist you in improving your health. Your quality of life is important, and sometimes understanding and managing your disease can be difficult. In conjunction with our skilled nursing and therapy visits, we use written, educational materials to help you or your caregiver manage your health. Our goal is to assist you in living better. Our home care service prides itself on the vast number of disease-specific management programs.

"We also give you an open and honest analysis of the cost involved in your care."

Quality Services

At the Sparrow Home Care Network, we know that quality requires the best people, the finest equipment, and a total commitment to service. This commitment to excellence is exactly what you and your family can expect. We continually seek to do the right thing at the right time, the first time.

To further show our commitment to excellence, all members of the home care network voluntarily sought and received accreditation from the Joint Commission on Accreditation of Healthcare Organizations or other nationally recognized accrediting bodies.
