Sexual Assault
Nurse Examiner Program

Have you been sexually assaulted?

Sexual assault can include touch, force or coercion by an acquaintance, someone you know or by a stranger.

It can happen at home, at school, at a friends house, on the job, in a car, day or night, anywhere, anytime. Sexual assault is a crime and should be reported to the police. Patients who have experienced sexual assault are in need of specialized care.

Help is here

The sexual assault examination is explained to you, to enable you to make an informed choice and provide consent for care.

SANEs provide prompt, compassionate care in a [safe environment](#) and resources patients need to begin healing.

Services provided 24 hours-a-day through the Sparrow Hospital Emergency Department.

Our SANE exams are done in a private setting.

SANEs can provide some or all of the following:

- A medical forensic exam
- Emergency contraception
- Preventative treatment for sexually transmitted infections
- Crisis intervention
- Referrals

The Sparrow Sexual Assault Nurse Examiner Program is supported by the Crime Victim Assistance Grant Award #20578-11V05; awarded to Sparrow Hospital by the Michigan Crime Victim Services Commission.
