If YES, describe: _____

Fee Schedule for Obstetrical Patients

Antepartum and normal vaginal delivery	\$ 2,726
(\$1,122) (\$1,484) Post-Partum (\$233)	
Antepartum and VBAC (Vaginal birth after previous cesarean)	\$ 2,900
(\$1,122) (\$1,669) Post-Partum (\$233)	
Antepartum and Cesarean Section	\$ 2,912
(\$1,122) (\$1,674) Post-Partum (\$233)	

Most insurance plans pay for routine pregnancy visits, delivery, and delivery follow-up (post-partum) care with a single payment, known as a “global OB package fee.” What they consider as routine or normal, however, can vary from plan to plan.

Antepartum care is 13 visits. This includes the initial and routine subsequent history and physical exams, Patient’s weight, blood pressure, fetal heart tones, and routine urinalysis. Beginning with visit 14, evaluation and management codes will be billed, and **there may be a copayment** depending on your insurance coverage.

Please Note:

- Medical management of problems that are not related to pregnancy such as bladder, vaginal or lung infections, allergies, rashes, etc.- are billed separately as an office visit from the global OB package, the same way it would be if you had gone to an urgent care center or to your Primary Care Physician. Insurance covers them, but separately, and **there may be a copayment**, depending on your insurance plan.
- High-risk conditions in pregnancy that require greater evaluation and treatment than covered by your insurance plan may also need to be billed separately from a global fee. Examples of these could be diabetes or high blood pressure.
- Any special testing or medications received during the course of your pregnancy care is an additional charge. These charges are billed to your insurance carrier at the time of testing. They may include: Amniocentesis, non-stress testing, ultrasound, and genetics testing.
- We perform a 20-week ultrasound to verify your due date, screen for fetal anatomy, and location of the placenta. We feel this is an important test and recommend that you have this done. However, if there is no medical indication for this, it will be billed as a

routine screening. Some insurance companies may or may not pay for this. Please check with your insurance company, if there is a medical indication we will use that diagnosis. The cost for the ultrasound is \$ 558.

Please notify us at once of any changes in your insurance carrier, coverage, or policy numbers. Please check with your insurance regarding any prior authorization requirements for your hospital stay. Failure to do so could adversely affect your insurance benefits for both Physician and hospital charges.

Prior authorization requirements are the responsibility of the Patient for all insurance carries. We DO NOT accept responsibility for this, regardless of what your insurance company may state.

Sometimes an insurance plan requires additional documentation to approve payment for something done that is beyond the global OB package fee. Occasionally, they may initially refuse payment for these charges, and pass them on to you. If you have any questions or problems with your bill, or wonder what you might be responsible for in the future, please talk with our billing specialist, at 517.364.7999 or 855.221.0336. She also has voice mail for your convenience. We want to give you not only the best medical care we can during your pregnancy, but also the best experience.

Sincerely,

The providers and staff of

Missed Appointment Policy SMG OB/GYN Lake Lansing & St. Johns

In order to provide quality care to our Patients, improve access, and minimize wait time, our office has adopted the following policy regarding missed appointments.

I understand that if I should fail to keep a scheduled appointment three (3) times in twelve (12) consecutive months, it will be necessary for me to make arrangements to receive my medical care elsewhere.

I further understand that the policy works as follows:

- A telephone call to cancel the appointment is required the business day prior to the scheduled appointment to avoid a missed appointment fee.
- If one appointment is missed, a reminder letter will be sent indicating that a scheduled appointment has been missed.
- If a second appointment is missed, another reminder letter will be sent, and a \$25 fee will be generated.
- Upon failing to keep a third scheduled appointment, a certified letter will be sent indicating that three (3) scheduled appointments have been missed. A \$50 fee will be generated. Within thirty (30) days, I will no longer be able to receive care at SMG OB/GYN Lake Lansing and will need to make arrangements to receive medical care from another source. I further understand that SMG OB/GYN Lake Lansing will assist me in finding another Physician through referrals, but that effective thirty (30) days from the date of the certified letter and with my primary Physician’s consent, I will be removed from the active Patient list of SMG OB/GYN Lake Lansing.

Please Note: Parents and/or legal guardians will be held responsible for the appointments of minor children. The current fee for a missed appointment is \$25 to \$80. Your insurance company will not cover this fee. You will not be able to be seen without payment of this fee.

I have read the above policy in its entirety and fully understand that the above information relates to me and to my family members.

Sparrow Hospital Obstetrics and Maternity Care Services Agreement for Hospital Care

At Sparrow Hospital’s Labor and Delivery Unit, we will do everything possible to give you the best care in your upcoming delivery. We provide:

- Obstetric care 24 hours a day, 365 days a year
- Experienced professionals that deliver thousands of babies every year
- A supportive environment during labor, birth, and after delivery

The doctors that **may** take care of you include: your personal Physician, other hospital Physicians, resident Physicians, Nurses, anesthesia staff, and pediatricians.

When you first come to the hospital, you will be seen by the resident Physician who will evaluate you and call your personal Physician group. If you are to be admitted to the hospital, a member of your personal Physician group will be in charge of your care and present for your delivery. There will be times, though rare, when a member of your personal Physician group may not be available for your delivery. If a member of your Physician group is not available, Sparrow Hospital will provide another qualified obstetric Physician to care for you.

The doctors that will provide your care may be male. There is no guarantee that a female Physician will deliver your child.

Your pregnancy and the birth of your baby will be one of the most exciting and emotional experiences of your lifetime. At Sparrow Hospital, we are honored to have the opportunity to share this wonderful event with you and your family. We are looking forward to meeting and caring for you!

I understand that the care provided to me by the staff of Sparrow Hospital Obstetrics and Maternity Care Services:

- May not always be the Physician that provided my prenatal care
- May include male Physicians

Dear Patient:

We would like to advise you that most insurance companies will ONLY pay for one screening ultrasound (an ultrasound that is not ordered because of an identified problem) during a normal pregnancy. This policy is based on The American College of Obstetricians and Gynecologists (ACOG) practice Bulletin on Ultrasonography in Pregnancy and guidelines from the Society for Maternal-Fetal Medicine (SMFM). Any additional ultrasounds done, unless done for a very specific reason, may not be a covered benefit for you.

Under most insurance company guidelines additional ultrasounds ordered with a specific diagnosis should be a covered benefit, however, the final determination of coverage rests with your insurance carrier. If you are not sure what your insurance covers please contact them.

.....
My provider will discuss the reason(s) for requesting any additional ultrasound and advise me that it may or may not be a covered benefit for me under my insurance company's benefit policy. I may elect to have this test and understand that if my insurance company denies coverage that I will be financially responsible for it.
